

ACADEMIC INTEGRITY MODULE CONNECTION INSTRUCTION SHEET

These modules are hosted on the University of Pittsburgh's Internet-based Studies in Education and Research (ISER) system. Connection to the ISER system is through the HSConnect Web site, available at <https://www.hsconnect.pitt.edu/>. The HSConnect system serves the Health Sciences schools at Pitt.

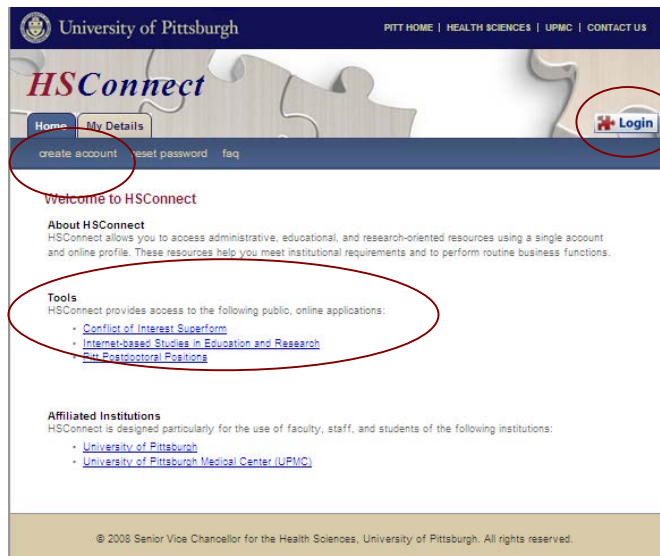

This page details the necessary steps to connect to the student and faculty modules. Page two contains links to the official Pitt Public Health Academic Integrity Module Policies for Students and Faculty, further references, and information regarding technical assistance for the online module.

1. Go to:

<https://www.hsconnect.pitt.edu/>

2. Login HS Connect or create a new profile

- NOTE: If you have completed a module in this system before, you do not have to create a new profile. It is recommended that you continue to use your original profile.

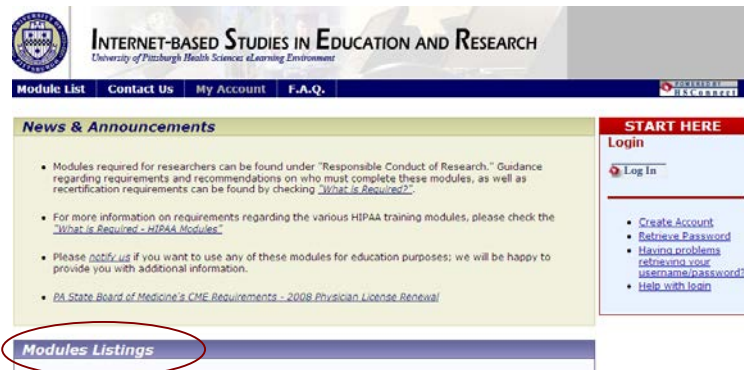

3. Select from the *Tools* area Internet-based Studies in Education and Research

4. From the *Modules Listings* area, select All Modules then select either the Pitt Public Health Student Academic Integrity Module-Academic Year 2014-15 Module

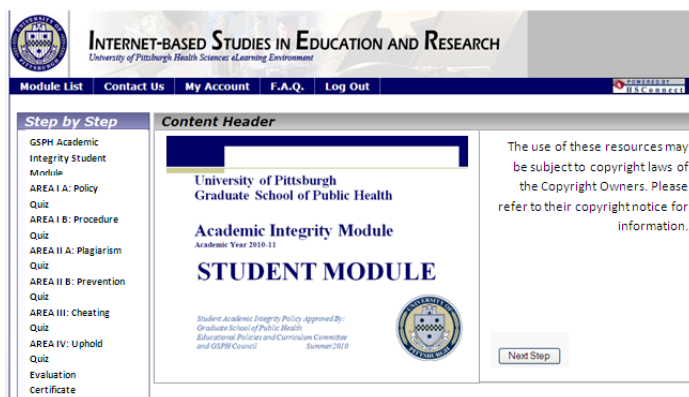

or

Pitt Public Health Faculty Academic Integrity Module - Academic Year 2014-15.

5. Complete the module, which is divided into sections with integrated quizzes. To successfully complete the module you must correctly answer 80% of the quiz questions in each module section. The module can be completed numerous times, until the pass rate is reached or exceeded.

6. Print the certificate of completion and submit it to your department's student services liaisons (students) and departmental administrator (faculty) by the deadline. **See deadlines on Academic Integrity, Ethics, and Professionalism page of the My Public Health intranet.**
